<b>Discussion Points</b>	<p>India's democratic framework thrives on the vibrancy of its electoral process, enabling citizens to actively shape governance at every level. Since independence, over 400 elections to the Lok Sabha and State Legislative Assemblies have showcased the Election Commission of India's commitment to fairness and transparency. However, the fragmented and frequent nature of elections has sparked discussions on the need for a more efficient system. This has led to the resurgence of interest in the concept of "One Nation, One Election."</p>		
<b>Action Taken</b>	<p><b>Implementing "One Nation, One Election" requires:</b></p> <ul style="list-style-type: none"> <li>- Constitutional amendments to synchronize Lok Sabha and state assembly elections.</li> <li>- Electoral reforms to ensure free and fair polls.</li> <li>- Logistical planning and coordination with election commissions and security forces.</li> </ul>
